PROFILE

Social media, design and events professional with 2+ years of experience. At BNI Salem, a business network of 670+ members and 14 chapters, I run the official Instagram and Facebook pages, keep chapter pages on brand, create the network's posters, videos, newsletters and outdoor ads, and coordinate its flagship events. I also build AI-assisted web apps and Google Sheets automations that replace manual event, scoring and membership work.

EXPERIENCE

Marketing, Communications & Event Operations — BNI Salem

Salem · Sep 2024 – Present

Social media

- Manage the official **BNI SALEM Instagram (@bnisalem, 5,358 followers, 479 posts)** and Facebook pages with Meta Business Suite and Canva.
- Monitor all **14 chapter pages**, flag gaps in posting and brand use, and guide chapters on BNI brand standards.
- Produce reels, stories, highlights, recognition and award videos, and member interview series such as the BNI Premiere League.
- Turn monthly chapter social media score boards into ranked tables, trend charts and branded slides.

Design & print

- Designed and laid out **24 consecutive editions** of the monthly newsletter **BNI Salem Talks**, sent to print without missing a month.
- Created outdoor campaigns across Salem: **roadside hoardings**, **city bus back panels** and **cinema-screen ads**.
- Produce promotions, invitations, slides, social-media creatives and videos for trainings, chapter launches and flagship events.

Events

- Coordinated **24 LTRT (Leadership Team Round Table) events** at Rox by DNC Theatres: posters, communication, seating and on-ground running.
- Led branding and programme coordination for **Members Day 2025 and 2026**, the network's annual flagship event.
- Delivered stage branding, signage and promotional creatives for **Salem Biz 2024**.

AI-built tools & automation

- **LTRT Seating & Registration app:** seat maps from venue allotment plans, monthly editions, Joint LTRT mode, poster uploads, attendance, and name matching against Infinity Admin Portal registrations.
- **LTRT Chapter Scoresheet:** a Google Sheets and Apps Script product scoring 12 chapters on 17 weighted parameters (150 points), with region-specific formulas and tie-aware ranking; validated against the manual sheets, exposing errors in the old workbook.
- **Regional 121 Conclave dashboard:** live shared registration tracking for 670+ members against a 300-seat cap, with chapter charts and bulk WhatsApp reports.
- **Power Team consolidation:** merged 12 chapter rosters (~640 members, 49 teams) with fuzzy matching; set up a geofenced attendance sheet.
- **Also built:** a WhatsApp campaign sender for 500+ contacts, an award certificate generator, and branded scorecard decks.

Social Media Manager — AP Builders

Feb 2024 – Jul 2024

- Managed social media and promotional content for real-estate marketing, planning and publishing material to present property offerings and build audience engagement.
